

LIBRARY NEWS & NOTES

December 29, 2022

Join the conversation

As part of our long-range goals, the library is looking at ways to make our 50-year-old building more responsive to the needs of today's community. Some of the updates we're considering include an entrance more accessible to the parking lot and a permanent curbside pick-up and drop-off window – both based on comments we have heard time and again from library users.

The Board of Trustees has recently contracted with architects at Ashley McGraw to come up with some design solutions to address these and other issues. Their initial public presentation in December can be watched on our [YouTube channel](#). They are also expected to be part of the agenda for the **Jan. 9** board meeting.

Your feedback is crucial as we continue this process, and we invite you to participate by viewing or attending these meetings or [e-mailing Library Director Geoff Kirkpatrick](#). Our goal is to be the library this community needs well into the next 50 years, and the most important part of this planning process is you.
